

Each family that joins Little Hands will be part of a co-op contribution team. Each team works together to help support different aspects of the school. The team works as a community, and each member contributes based on their unique skills and interests. With teams working together, we ask that each family contribute about 8-10 hours throughout the year. Co-op Contribution Teams include:

- **Facilities Team** - Helps with school grounds, including small projects, cleaning, plant maintenance, and other grounds work.
- **Spirit Team** - Helps with on-site events (Ice Cream Social, Halloween Party and Sweetheart Breakfast), posts flyers, takes photos, creates connections within the classroom.
- **Admin Team** - Helps with office projects, tech and website, supports staff and director, creates graphics and flyers, makes playdough for curriculum, reaches out to past donors for support.

When you register for the year, please select the team that most interests you and a board member will reach out to you to connect you with the group. We also offer a buyout option if that fits your family's needs. For questions, please contact president@littlehands.org or admin@littlehands.org.
